Dear Parent/Guardian,

Each year, the North Carolina School Report Cards provide information about school performance, including a School Performance Grade of A, B, C, D, or F. School Performance Grades provide families and communities with an additional measure of student achievement and academic growth.

For the 2025–2026 school year, Marjorie Williams Academy received a School Performance Score of 65, resulting in a School Performance Grade of “C,” and the Academy met expected growth.

School Performance Grades reflect student performance on applicable state assessments and other accountability measures. While the School Performance Grade provides important information about academic performance, it represents only one measure of the work taking place within our school and the progress of our students.

At Marjorie Williams Academy, we remain committed to providing our students with high-quality instruction, appropriate academic support, and opportunities for continued growth. Our teachers and staff regularly review student achievement data to identify areas of strength and areas in which additional support may be needed.

We encourage parents and guardians to remain involved in their student’s academic progress and to communicate regularly with their teachers. The partnership between our families and school staff is an important part of helping every student succeed.

If you have questions regarding our School Performance Grade or your student’s academic progress, please contact the school.

Sincerely,

Cyndi Austin, Ed.D.

Principal
